

Memorandum

Date: July 8, 2021

From: Associate Director for Science, Health Effects Laboratory Division (HELD)

Subject: Dataset: Effects of Crystalline Silica Inhalation in a High-Fat Western Diet-Induced Metabolic Dysfunction Rat Model. I. Silica Alters Adipose Tissue Function and Inhibits Western Diet-Induced Systemic Inflammation
Dataset Number: RD-1019-2021-0

To: The File

HELD/NIOSH/CDC has the rights to publish the dataset, "Effects of Crystalline Silica Inhalation in a High-Fat Western Diet-Induced Metabolic Dysfunction Rat Model. I. Silica Alters Adipose Tissue Function and Inhibits Western Diet-Induced Systemic Inflammation." It does not contain sensitive data. The data has been checked for accuracy and HELD has determined that OD clearance is not needed. The dataset has been cleared in the eclearance system by HELD's Associate Director for Science; the eclearance number is 0900f3eb81d75da4.

Sincerely,

Paul D. Siegel, PhD
Associate Director for Science
